

CA Workload Automation ESP Edition Foundations: Create Events 200

EDUCATION COURSE DESCRIPTION

SUPPORTED PRODUCT RELEASES

CA Workload Automation ESP
Edition Version 12.0

COURSE TYPE, LENGTH, & CODE

- WBT
- 15 minutes
- 06ESP20010

WHO SHOULD ATTEND

- Administrators and Operators who work with events in CA Workload Automation ESP Edition

Course Overview

Hosted on z Systems™, CA Workload Automation ESP Edition (CA WA ESP Edition) utilizes an object-oriented architecture to reduce and simplify scheduling definitions. Operations and application development teams can easily define schedules and calendars once and reuse them many times.

This course is designed to familiarize the next generation of CA WA ESP Edition users with the process for working with events.

This Course Will Show You How To:

- Describe the purpose and function of events.
- Create, trigger, and simulate events in ISPF or the Workstation.
