CA Workload Automation ESP Edition Foundations: Customizing Views to Monitor Your Workload 200

EDUCATION COURSE DESCRIPTION

Course Overview

Hosted on z Systems™, CA Workload Automation ESP Edition (CA WA ESP Edition) utilizes an object-oriented architecture to reduce and simplify scheduling definitions. Operations and application development teams can easily define schedules and calendars once and reuse them many times.

This course is designed to provide the next generation of CA WA ESP Edition users with a high-level understanding of how to customize views in Workstation Director and the Consolidated Status Facility (CSF) in ISPF to monitor jobs, applications, and sub-applications.

This Course Will Show You How To:

▪ Plan your customized view.

▪ Customize workload views using the Director component of Workstation.

▪ Customize the Consolidated Status Facility (CSF) display in ISPF.
