CA Workload Automation ESP Edition Foundations: Generating Reports 200

EDUCATION COURSE DESCRIPTION

Course Overview

Hosted on z Systems™, CA Workload Automation ESP Edition (CA WA ESP Edition) utilizes an object-oriented architecture to reduce and simplify scheduling definitions. Operations and application development teams can easily define schedules and calendars once and reuse them many times.

This course is designed to provide the next generation of CA WA ESP Edition with a high-level understanding of how to generate reports.

Generating reports provides you with a detailed and business-oriented analysis of your workload environment enabling you to reduce process times and meet SLAs.

This Course Will Show You How To:

▪ Generate the following types of reports:

  ▪ History

  ▪ Scheduled Activity

  ▪ JOBMAP and JOBTREE
