CA 7 Workload Automation r12.x

COURSE TYPE, LENGTH, & CODE

- Web-Base Training (WBT)
- 20 Minutes
- 06SEV10120

Course Overview

CA 7 Workload Automation automates many of the labor-intensive tasks associated with workload management and monitoring for the Z Systems and supports an agile and business-centric IT environment.

This introductory course provides an overview of the architecture and components of CA 7.

This Course Will Show You How To:

- Define the major components of CA 7
- Describe the required Base System and Common Services components
- Compare the components in different CA 7 architectures
- Get familiar with the Online and Batch Interfaces
- Identify the features of different reporting programs
