TPX™ Session Management - Setting Your User and Session Options 100

EDUCATION COURSE DESCRIPTION

COURSE TYPE, LENGTH, & CODE
- WBT
- 10 Minutes
- 06TPX10070

WHO SHOULD ATTEND
- Customers

Course Overview

This course will show you how to access the TPXADMIN application and set user options and session options. It shows the TPX panels that an end user will typically see and assumes that you know how to log on to TPX, select sessions from the TPX menu, and use the PF function keys.

Note: If you'd like to share your ideas for Broadcom Mainframe product training, subscribe to the Mainframe Education Community, where we'll share calls for input.
