

Using the SAREAS Started Task to Read Reports from Tape in OM: View™

Type Web-Based Training
Length 5 minutes
Code 06VIE20080

AUDIENCE

- Traditional System Programmer
- New to the Mainframe DBA
- Traditional DBA

Course Overview

This course will teach you how to use the OM View™ SAREAS Started Task to read reports. This task allows the user to browse reports directly from tape without loading the report back to disk and viewing it from disk. Using SAREAS also saves time, as the report access is done quickly.

Note: If you'd like to share your ideas for Broadcom Mainframe product training, subscribe to the [Mainframe Education Community](#), where we'll share calls for input.
