BROADCOM®
MAINFRAME SOFTWARE

VM:Schedule® Easy Automation for VM Systems® 200

EDUCATION COURSE DESCRIPTION

COURSE TYPE, LENGTH, & CODE
- WBT
- 15 Minutes
- 06VMS20010

WHO SHOULD ATTEND
- Customers

Course Overview

This course shows you how to understand VM:Schedule's basic capabilities, the available User Interfaces, and the types of Initiation Requests. You will also learn how to manage these Initiation Requests after they are entered into the VM:Schedule® Database.

Note: If you'd like to share your ideas for Broadcom Mainframe product training, subscribe to the Mainframe Education Community, where we'll share calls for input.
