COURSE TYPE, LENGTH, & CODE
- WBT
- 15 minutes
- 06VSR20330

WHO SHOULD ATTEND
- System Administrators
- Systems Programmers
- Operators
- IT Management

PREREQUISITES
- Vantage StoragePoint ™ Web Client: Getting Started 200 (06VSR20260)
- Understanding of basic storage management concepts
- Familiarity with z/OS

RESOURCES
- Access Learning@Broadcom
- Product Documentation
- Mainframe Education Community
- Vantage StoragePoint Community

Course Overview

Vantage™ Storage Resource Manager (Vantage) centrally manages complex storage environments to help ensure that critical storage assets are fully optimized, data is protected, and application outages are eliminated. Proactive, policy-based exception management automates routine manual functions to increase personnel productivity and improve service levels.

Vantage StoragePoint™ Web Client (Vantage StoragePoint) is an easy-to-use browser interface for Vantage, with centralized monitoring, configuration, and policy-based automation features.

This course shows you how to create summary objects in Vantage StoragePoint.

This Course Will Show You How To:

- Describe the purpose of summary objects.

- Describe the different components that comprise a summary object.

- Create and delete a summary object.
